

2014

annual report

“There can be no keener revelation of a society’s soul, than the way it treats its children.”

Nelson Mandela

Dear 2014 Contributors:

Thank you for your support of School Supplies for Kids. Because of your generosity we were able to purchase more than \$51,000 of supplies. Your investment hasn't gone unnoticed. We received many touching notes from the 140 schools that received supplies.

Having the necessary school supplies has helped close the achievement gap and gives students the motivation to be successful in school, career and life. Our program purchases the basic supplies required for each grade from a list developed in cooperation with teachers from the various school districts. The supplies are distributed to public schools in Dane County based on the percentage of economically disadvantaged students in that school.

Your monetary gift helped purchase pens, pencils, markers, crayons, paper and other basic supplies that are vital to a student's education. There are several levels to this giving opportunity and we appreciate your support. Thank you for partnering with our students and supporting School Supplies for Kids.

The overall need continues to increase each year, so please share information about School Supplies for Kids with others who may be willing to help. Contact us with their name and address details and we will be happy to invite their support for next year's program: info@schoolsuppliesforkids.org or 608.241.5454

100% of every dollar donated goes directly to the purchase of school supplies

thanks to you,
we've been

21 years

2014

summary of impact the value of your investment

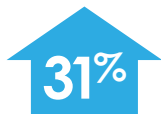

School supplies were made available to an estimated 23,760 economically disadvantaged students

School Supplies for Kids started with just one neighborhood and now includes more than 140 public schools in Dane County

\$25 equips one student with the basic school supplies their education requires

More than 31% of students in Dane County qualify as economically disadvantaged

"Sennett Middle School once again would like to thank you for your generosity for sending the school supplies for our students. It is awesome that you work with cooperating agencies and individuals to make this wonderful endeavor happen. Once again, the majority of our students receive free or reduced lunch this school year, and the supplies are always put to good use. I wish you could see the looks on the faces of the Sennett staff, especially the social workers who work with the neediest students in our school, when they hear the donation from Vogel Bros. has arrived. Again, with much thanks for your overwhelming support for Sennett and other Madison Metropolitan schools, we appreciate all you do."

Tremayne Clardy, Principal

"The staff and students of Crestwood Elementary would like to thank you for the generous donation of school supplies for the 2014-2015 school year. As you are aware, many of our students face socioeconomic problems on a daily basis and are unable to afford many of the basic school supplies which prepare them for a well-rounded and successful education. Through collaboration with the Vogel Foundation and other community organizations, we were able to provide the majority of our students with schools supplies to begin their year."

Amy Bennet, School Social Worker
