“On behalf of Monona Grove High School, I would like to thank you, and all of the participating organizations, for the generous donation of school supplies for our students. Having the necessary supplies helps our students take full advantage of their educational opportunities. In light of the economic times we are currently experiencing, there is a growing need for assistance for families at the high school. Thank you for supporting Monona Grove High School in our efforts to provide quality education and learning experiences to all students.”

– Paul Brost, Principal, Monona Grove High School

“We cannot thank you enough for the donations you have again provided through School Supplies for Kids. Because of these generous donations, all students in the Cottage Grove community will come to school ready to learn. We have received the supplies and began distributing them to our families in need. It is truly wonderful to see our students ready and excited for school to begin in September! Your efforts to provide for all students in Dane County are greatly appreciated.”

– CG Elementary School Teachers and Staff

“I would just like to say thank you on behalf of the students and staff at Hawthorne Elementary for the school supplies you donated. I had some very thankful parents in my office when I let them know they did not have to go out and buy supplies for this year, which can be a heavy burden for families. Thank you for your thoughtfulness.”

“Thank you to the many Dane County Businesses, Foundations, Organizations, and Individuals who work together to benefit students. Your donations are the primary source of school supplies for our high school students who would otherwise not have the materials they need in order to be successful in school. Because the costs associated with public education can be quite overwhelming, the supplies that you so generously donate truly are needed, they are used by our students, and they are appreciated by all. For this, we are sincerely grateful. Please accept our appreciation for your continued support of Sun Prairie High School and its students. When communities partner with schools, great things happen!”

– Keith Nerby, Principal, Sun Prairie High School
